

Cleeve Cricket Club recognises that parents may wish to film or photograph their children whilst they are taking part in activities at the club. This is an important way of helping mark milestones in a child's life..

As part of our commitment to keeping children safe from harm we have the following proportionate controls in place:

- Photographs/images are not to be taken at matches or training without the prior permission of the parents/carers. This can be given by proxy by the coach of the team only after parental consent has been granted on the membership form.
- The children should be informed that someone will be taking photographs
- Concerns about any inappropriate or unauthorised photography/filming taking place should be reported to the coach or team manager.

In addition:

Cleeve Cricket Club may use images of children and young people in publicity or on the club website.

Children are never identified individually in these pictures.
